### **Obituary -- Franklin Dwelle**

Franklin Dwelle, a prominent farmer and life long resident of Grass Lake, died at the University Hospital in Ann Arbor Thursday, July 7<sup>th</sup>.

Mr. Dwelle had not been very well this spring but as usual looked after his large farming interests. He assisted in mowing hay a few days last week and seemed to be overcome with the heat. He was taken at once to the hospital but nothing could be done for him.

The funeral services were held in Ann Arbor Friday and the body was shipped to Troy, N.Y. for burial by the side of his wife who recently preceded him in death.

He leaves to mourn their loss two daughters Mrs. Dorr Hillier of Lakeland, Florida and Mrs. C.B. Coe of Ann Arbor.

**Resolution**—In the ending of the beautiful life of Mr. Franklin Dwelle which occurred July 7<sup>th</sup>, the Sunday School of the Federated Church feels with profoundest sorrow his loss when they recall his years of faithful service as teacher and Supt. of Sunday School.

No one associated with such a lovable character could not but feel his loss.

His genial spirit brought hope and cheer to the country side as well as the Village.

WE appreciate his deep devotion to Christian enterprises manifested in so many ways, especially in one commendable way—his distribution of Sunday School literature to rural houses. We recognize his deep interest in all movements to improve and build up farming conditions and his spirit of helpfulness and usefulness.

We recognize what a potent force he has been in strengthening the higher life of the community and his nightly spirit, nobility of character and high Christian ideals will ever be an inspiration to the manhood of the community, as they will remember him in the words of Lovell, “An unblemished gentleman.” Federated Sunday School Committee.

Leoni—Over forty men engaged in raising the track of the M.C.R.R. are living in car placed on the siding in the village. While at the huckleberry marsh north of town, Mr. Fred Landis recently killed a large rattlesnake having eleven rattles.

Lyle Rohrer was unfortunate enough to step on a bad rusty nail Wednesday which gives him a very lame foot. He has our sympathy for we stepped on one not long ago and know how it feels.

Friends of Rev. H.R. Beatty will be grieved to learn that he is suffering from serious high blood pressure. He has been ordered by his physicians to take complete rest and beginning with this week. Dr. C.B. Wilcox will take charge of his Chelsea church for a time.

The mystery surrounding the reported elopement of Horace McColgan and Helen Capen two weeks ago in a yellow roadster deepens as the days pass by. No word has been received from them and their failure to send any word is causing their relatives and friends great sorrow.

AD: DUNBAR COLORED GIANTS—There will be a great game of Base Ball on Saturday, July 23, at 3:00 o'clock sharp, between the Dunbar Colored Giants and the Grass Lake team at the Athletic Park. Stores will close during the game and everybody is going. The Dunbars are great players and put a lot of fun and comedy into the game.

### **The Detroit-Jackson Asphalt and Cement Highway Has Reached Grass Lake**

Splendid progress has been made this week on the great Detroit-Jackson highway. The large cement laying machine has been making rapid progress through the village limits of Grass Lake and the cement is now laid almost to the business section.

In the business section where the pavement will reach from walk to walk, men are busy putting in the curb and grading the street, getting it ready for the cement.

When one looks at the fine curb the men are building, and see exactly what it is, he cannot help but feel that the council was wise in asking the citizens of Grass Lake to vote on the proposition of extending this curb as far east as the D.U.R. crossing on Main Street.

When one can get such a curb as this at about \$1.00 a running foot, it looks as if it would be the best and cheapest way to care for the water shed on each side of the hill.

To fix this hill from the Congregational Church west to the business section and east to the D.U.R. will cost lots of money, no matter how it is done and to curb seems to be the very best way to take care of this serious water problem.

## World and State Events in Short Form

William Howard Taft was sworn in as Chief Justice of the United States. The simple ceremony of elevating the former President to the Supreme Court was performed by Justice Hehling at Washington.

Army airplanes exacted a toll of 71 lives during the year ended June 30, it developed at Washington, following the crash of the Martin bomber at Moundsville, W. Va., which killed five spectators.

Bids for the purchase of more than 250,000 pairs of surplus army shoes, with and without hobnails, were asked by the War department. They are to be sold "as is, where is."

President Harding conveyed a solemn warning to Congress at Washington that the condition of the nation will not permit the passage at this time of legislation granting adjustment of compensation to soldiers who served in the World War.

A Brussels dispatch says the prolonged drought has seriously affected the water supply of many parts of Belgium.

Japan has instructed its Washington Embassy to inform the United States that it will take part in the disarmament conference.

The glaciers on the Swiss Alps are said to be receding owing to the extraordinarily hot weather.

Zeeland—Lambert Kraal, 65, a farmer here, hanged himself in his barn. He was possessed with the idea that the devil was after him.

Muskegon—The business depression has caused an epidemic of desertion and non-support cases in the area. Such warrants have increased 500 per cent the last few weeks and in many cases the officers find that the husband, unable to find work, has gone to some other city.

Petoskey—Daniel Tripp, 90, pioneer member of this city's police force and for many years a close companion of "Buffalo Bill Cody", Civil war veteran and Indian fighter, died. Tripp was a member of the posse organized to hunt down the Jesse James gang.

Muskegon—Mrs. Sarah McVeigh, police matron, has appealed to the local women to discontinue the wearing of bathing suits while shopping. Women recently have appeared on the streets and also in some of the downtown stores clad in bathing costumes.

Eaton Rapids—This county paid out \$3,428 in bounties on noxious animals in June. Woodchucks led, \$2,283 being paid on 4,566 heads.

Cheboygan—The Straits of Mackinac are filled daily with pleasure craft, yachts, launches, and sail boats, belonging to resorters from the south and lower lake ports. There are many yachts here from the Atlantic seaboard, coming via the Welland canal system. Mackinac Island hotels and nearby resorts are filled to capacity for the first time in many years.

Adrian—A change in the wind saved the little village of Palmyra, five miles east of here, from almost total destruction by fire. A dwelling house and store, another dwelling and the Toledo & Western railway station had been destroyed before the wind veered and turned the fire back upon itself.

Port Huron—Who says bathing suits are too immodest to be worn on the streets to and from the bathing beaches? This question has stirred whole sections of Port Huron with the bathing suit contenders in the lead. Wasn't Eve attired in something just a little less than a bathing costume when Adam met her? "Yes", replies the stern maids. "And, Adam

wasn't shocked." And, didn't she "get away with it, too?" is the binder to the question. So, Port Huron reformers have compromised.

AD: SHAME ON THEM! Perhaps there are a few mothers who do not know the virtues of FLETCHER'S CASTORIA. Perhaps there are a few who know that there are limitations on the market, and knowing this demand Fletcher's. It is to ALL motherhood, then, that we call attention to the numerous imitations and counterfeits that may be set before them. It is to all motherhood everywhere that we ring out the warning to beware of the "Just-as-good". For over thirty years Fletcher's Castoria has been an aid in the upbuilding of our population; an aid in the saving of babies. And yet there are those who would ask you to try something new. Try this. Try that. Even try the same remedy for the tiny, scarcely breathing, babe that you in all your robust womanhood would use for yourself. Shame on them. Children Cry For Fletcher's Castoria.
